

**City of West St. Paul
City Council Meeting Minutes
May 8, 2017**

1. Call to Order

Mayor Jenny Halverson called the meeting to order at 6:30 p.m.

2. Roll Call

Present: Mayor Jenny Halverson and Councilmembers John Bellows, Anthony Fernandez, Ed Iago, Dave Napier, Dick Vitelli and Bob Pace.

Others present: Interim City Manager Ryan Schroeder, Community Development Director Jim Hartshorn, Assistant Manager and HR Director Sherrie Le, Public Works Director Ross Beckwith, Fire Chief Mike Potts, Police Lt. Sturgeon, Finance Director Joan Carlson and City Clerk Chantal Doriott.

3. Pledge of Allegiance

4. Adopt the Agenda

Motion was made by Clpn. Iago and seconded by Clpn. Vitelli to approve and adopt the agenda as presented. All members present voted aye. Motion carried.

5. OCWS Briefing

Mayor Halverson gave an overview of the Council work session held prior to this meeting. The following items were discussed:

- Dakota County will be requested to do 2018 absentee voting;
- City Manager search update;
- A report from Mr. Orange about the GreenStep program which the Environmental Committee will be working on;
- A zoning amendment request for Robert Square; and
- Revised Sports Complex plan.

6. Citizen Comments

There were no citizen comments at this meeting.

7. Council Comments

Clpn. Vitelli said Council and staff continues to work with the Legislature to address Robert Street funding issues with the House Bonding Committee. He was also able to attend the Volunteer Appreciation Dinner –which was a very nice function.

Clpn. Iago said sometime in August the Yellow Ribbon Committee is planning an event and free use of the golf course and Dome for troops coming back from Egypt. The Committee will notify Council and staff of the event because we are looking for pro-bono use of these facilities.

Clpn. Napier reminded all that the City Open House is May 17th from 5 to 7PM at the Municipal Center. Hopefully we will have good weather. Come and meet Council, city staff and local businesses and enjoy a root beer float and hot dog!

Clpn. Fernandez said thanks to Sherrie, Chantal and Diane for the nice Volunteer Appreciation event. In 2016 the program saw 152 active volunteers who gave 2,419 hours of their time at a value of \$57,000 in time/hours; The program began in 2014 and has seen continued growth. Also, thanks to South Robert Street Business Association, the Cherokee Tavern staff and everyone who made the event possible.

Mayor Halverson reminded everyone to go to www.celebrateweststpuldays.org to learn of all the WSP Days events this year.

8. Proclamations, Presentations and Recognitions

There were no proclamation or presentations scheduled for this meeting.

9. Consent Agenda

- A. Rental Licensing
- B. Previous Meeting Minutes of 4-10-17 OCWS, 4-24-17 OCWS and 4-24-17 regular council
- C. Declare Property as Surplus
- D. City Licensing
- E. Resolution No. 17-32 adopting Minn. Statute 65A.50 to establish a trust account for insured real property fire or explosion loss proceeds
- F. Approve Minor Work Orders on Robert St. Phase 1 Improvements - Project #11-3
- G. List of Claims
- H. March 2017 Finance Reports

Motion was made by Clpn. Vitelli and seconded by Clpn. Iago to approve the consent agenda items as listed above. All members present voted aye. Motion carried.

10. Public Hearing

There were no public hearings scheduled for this meeting.

11. New Business

A. First Reading of an Ordinance Amendment for Open Burning

Attorney Korine Land gave an overview. The current West St. Paul ordinance 91.06 Open Burning states "Recreational fires shall not be conducted within 25 feet of a structure or any combustible material unless contained in a portable barbecue pit, or well maintained, approved fire restrictive enclosure." A new edition (2015) of the Minnesota State Fire Code (MSFC) was adopted on May 2, 2016. The 2015 MSFC updated the requirements for recreational fires. In addition to the 25-foot distance from structures and combustibles in section 307.4.2 (MSFC), section 307.4.3 (MSFC) states "Portable outdoor fire places shall be used in accordance with the manufacturer's instructions and shall not be operated within 15 feet of a structure or combustible material".

The existing City ordinance, 91.06, must be amended to comply with the new MSFC requirements. The proposed change would reference the appropriate section of the MSFC, thus eliminating the need for future ordinance amendments to resolve contradictory language, should the MSFC requirements change in the future.

Comments:

- Clpn. Bellows asked what constitutes a portable fire pit – what is the definition. Fire Captain Julefs said usually the pit has a metal grate around the fire pit. It's also usually a standard size. They could be on wheels or stationary.

Motion was made by Clpn. Bellows and seconded by Clpn. Iago to approve the first reading of an ordinance amending section 91.06 of the City Code regarding open burning. The public hearing for the final ordinance reading will be held on May 22, 2017 at the regular council meeting. All members present voted aye. Motion carried.

B. Approve Final Payment for Harmon Park Site Work

Parks and Public Works Director Ross Beckwith gave an overview stating that all construction site work for the Harmon Park project has been completed in accordance with the plans and specifications. All outstanding issues and punch list items have been addressed. The contractor, Max Steininger, Inc, has submitted all necessary paperwork and a request for final payment. It should be noted that work has been completed and all issues resolved for some time, but there was a hold-up with the contractor securing all the required close-out documents until now.

The original contract amount for the construction was \$2,919,300. Previously the City Council had approved change orders which decreased the construction contract to \$2,890,464.63. With approval of this final payment amount of \$2,500.00, the total payments for the project will equal the revised contract amount.

Comments:

- Clpn. Iago asked about an issue last year with lighting. Director Beckwith will look into this issue. Supposedly there were lights on with no one on the field.
- Clpn. Vitelli said there seems to be an issue with sod/grass. There was not good germination. He would like our park employees to do more seeding or fertilizing. The grass is very thin on the side of the path.

Motion was made by Clpn. Iago and seconded by Clpn. Vitelli to approve the final payment for Harmon Park site work in the amount of \$2,890,464.63 as presented. All members present voted aye. Motion carried.

C. Approve Master Partnership Contract with MnDOT

Parks and Public Works Director Ross Beckwith gave an overview. The Minnesota Department of Transportation (MnDOT) is updating their Master Partnership Contracts with local agencies. This contract provides framework for local agencies and MnDOT to provide services and payment to each other. For example, the City uses MnDOT services for concrete and bituminous plant inspection and other materials testing on our state and federal aid construction projects. The City Attorney has reviewed the agreement and finds it acceptable. The contract will go into effect on July 1, 2017 and last for five years.

Motion was made by Clpn. Napier and seconded by Clpn. Iago to adopt Resolution No. 17-33 Approving the Master Contract with MNDOT as presented. All members present voted aye. Motion carried.

12. Old Business

A. Environmental Committee Appointments

This item was continued to a future City Council meeting.

13. Adjourn

Motion was made by Clpn. Fernandez and seconded by Clpn. Vitelli to adjourn the meeting at 6:52 p.m. All members present voted aye. Motion carried.

Jenny Halverson
Mayor
City of West St. Paul

RESOLUTION NO. 17-32

WEST ST. PAUL
DAKOTA COUNTY, MINNESOTA

WHEREAS, Minnesota Statutes, Section 65A.50 provides for a city to receive a portion of insurance proceeds for a loss to insured real property due to fire or explosion and a final settlement is reached on the loss to the insured real property; and

WHEREAS, in order to comply with the law, the City must establish a trust or escrow account to be used as prescribed by Minnesota Statutes, Section 65A.50 and intend to uniformly apply the law to all property located within the City; and

WHEREAS, the City finds that there have been certain real properties located within the City that due to fire or explosion, violate the City's health and safety standards; and

WHEREAS, upon the failure of a property owner to remove or repair the damaged structure, the use of insurance proceeds would have enabled the City to repair, replace or remove the damaged structure.

NOW, THEREFORE, BE IT RESOLVED by the West St. Paul City Council that:

1. The Finance Director is hereby authorized to establish a trust or escrow account to be used as prescribed by Minnesota Statutes, Section 65A.50.
2. The City intends to uniformly apply Minnesota Statutes, Section 65A.50 to all property located within the City.
3. The City Manager is authorized to notify the Commissioner of Commerce that the City requests to be added to the list of municipalities which have elected to apply Minnesota Statutes, Section 65A.40, which shall be distributed to all insurance companies transacting property insurance in this state.

Adopted by the City Council of the City of West St. Paul this 8 day of May, 2017.

Ayes:

Chantal Doriott, City Clerk

**CITY OF WEST ST. PAUL
DAKOTA COUNTY, MINNESOTA**

RESOLUTION NO. 17-33

APPROVE MASTER PARTNERSHIP CONTRACT WITH MNDOT

WHEREAS, The Minnesota Department of Transportation (MnDOT) wishes to cooperate closely with local units of government to coordinate the delivery of transportation services and maximize the efficient delivery of such services at all levels of government; and

WHEREAS, MnDOT and local governments are authorized by Minnesota Statutes sections 471.59, 174.02, and 161.20, to undertake collaborative efforts for the design, construction, maintenance and operation of state and local roads; and

WHEREAS, the parties wish to be able to respond quickly and efficiently to such opportunities for collaboration, and have determined that having the ability to write "work orders" against a master contract would provide the greatest speed and flexibility in responding to identified needs.

NOW, THEREFORE, BE IT RESOLVED by the West St. Paul City Council that:

1. The City enters into a Master Partnership Contract with the Minnesota Department of Transportation, a copy of which was before the Council.
2. The proper City officials are authorized to execute such contract and any amendments thereto.
3. The City Engineer is authorized to negotiate work order contracts pursuant to the Master Contract, which work order contracts may provide for payment to or from MnDOT, and that the City Engineer may execute such work order contracts on behalf of the City without further approval by this Council.

Adopted by the City Council of the City of West St. Paul this 8th day of May, 2017.

Ayes: 6 Nays: 0

Jenny Halverson, Mayor

Attest:

Chantal Doriott, City Clerk

**STATE OF MINNESOTA
AND
CITY OF WEST ST. PAUL
MASTER PARTNERSHIP CONTRACT**

This master contract is between the State of Minnesota, acting through its Commissioner of Transportation in this contract referred to as the "State" and the City of West St. Paul, acting through its City Council in this contract referred to as the "Local Government."

Recitals

1. The parties are authorized to enter into this contract pursuant to Minnesota Statutes, §§15.061, 471.59 and 174.02.
2. Minn. Stat. § 161.20, subd. 2, authorizes the Commissioner of Transportation to make arrangements with and cooperate with any governmental authority for the purposes of constructing, maintaining and improving the trunk highway system.
3. Each party to this contract is a "road authority" as defined by Minn. Stat. §160.02, subd. 25.
4. Minn. Stat. § 161.39, subd. 1, authorizes a road authority to perform work for another road authority. Such work may include providing technical and engineering advice, assistance and supervision, surveying, preparing plans for the construction or reconstruction of roadways, and performing roadway maintenance.
5. Minn. Stat. §174.02, subd. 6, authorizes the Commissioner of Transportation to enter into contracts with other governmental entities for research and experimentation; for sharing facilities, equipment, staff, data, or other means of providing transportation-related services; or for other cooperative programs that promote efficiencies in providing governmental services, or that further development of innovation in transportation for the benefit of the citizens of Minnesota.
6. Each party wishes to occasionally purchase services from the other party, which the parties agree will enhance the efficiency of delivering governmental services at all levels. This Master Partnership Contract (MPC) provides a framework for the efficient handling of such requests. This MPC contains terms generally governing the relationship between the parties. When specific services are requested, the parties will (unless otherwise specified) enter into a "Work Order" contracts.
7. After the execution of this MPC, the parties may (but are not required to) enter into "Work Order" contracts. These Work Orders will specify the work to be done, timelines for completion, and compensation to be paid for the specific work.
8. The parties are entering into this MPC to establish terms that will govern all of the Work Orders subsequently issued under the authority of this Contract.

Master Partnership Contract

1. **Term of Master Partnership Contract; Use of Work Order Contracts; Survival of Terms**
 - 1.1. **Effective Date:** This contract will be effective on the date last signed by the Local Government, and all State officials as required under Minn. Stat. § 16C.05, subd. 2.
 - 1.2. A party must not accept work under this Contract until it is fully executed.
 - 1.3. **Expiration Date.** This Contract will expire on June 30, 2022.

- 1.4. **Work Order Contracts.** A work order contract must be negotiated and executed (by both the State and the Local Government) for each particular engagement, except for Technical Services provided by the State to the Local Government as specified in Article 2. The work order contract must specify the detailed scope of work and deliverables for that project. A party must not begin work under a work order until the work order is fully executed. The terms of this MPC will apply to all work orders contracts issued, unless specifically varied in the work order. The Local Government understands that this MPC is not a guarantee of any payments or work order assignments, and that payments will only be issued for work actually performed under fully-executed work orders.
- 1.5. **Survival of Terms.** The following clauses survive the expiration or cancellation of this master contract and all work order contracts: 12. Liability; 13. State Audits; 14. Government Data Practices and Intellectual Property; 17. Publicity; 18. Governing Law, Jurisdiction, and Venue; and 22. Data Disclosure. All terms of this MPC will survive with respect to any work order contract issued prior to the expiration date of the MPC.
- 1.6. **Sample Work Order.** A sample work order contract is available upon request from the State.
- 1.7. **Definition of "Providing Party" and "Requesting Party".** For the purpose of assigning certain duties and obligations in the MPC to work order contracts, the following definitions will apply throughout the MPC. "Requesting Party" is defined as the party requesting the other party to perform work under a work order contract. "Providing Party" is defined as the party performing the scope of work under a work order contract.

2. Technical Services

- 2.1. **Technical Services** include repetitive low-cost services routinely performed by the State for the Local Government. These services may be performed by the State for the Local Government without the execution of a work order, as these services are provided in accordance with standardized practices and processes and do not require a detailed scope of work. Exhibit A – Table of Technical Services is attached.
 - 2.1.1. Every other service not falling under the services listed in Exhibit A will require a work order contract.
- 2.2. The Local Government may request the State to perform Technical Services in an informal manner, such as by the use of email, a purchase order, or by delivering materials to a State lab and requesting testing. A request may be made via telephone, but will not be considered accepted unless acknowledged in writing by the State.
- 2.3. The State will promptly inform the Local Government if the State will be unable to perform the requested Technical Services. Otherwise, the State will perform the Technical Services in accordance with the State's normal processes and practices, including scheduling practices taking into account the availability of State staff and equipment.
- 2.4. **Payment Basis.** Unless otherwise agreed to by the parties prior to performance of the services, the State will charge the Local Government the State's then-current rate for performing the Technical Services. The then-current rate may include the State's normal and customary additives. The State will invoice the Local Government upon completion of the services, or at regular intervals not more than once monthly as agreed upon by the parties. The invoice will provide a summary of the Technical Services provided by the State during the invoice period.

3. Services Requiring A Work Order Contract

- 3.1. **Work Order Contracts:** A party may request the other party to perform any of the following services under individual work order contracts.

- 3.2. **Professional and Technical Services.** A party may provide professional and technical services upon the request of the other party. As defined by Minn. Stat. §16C.08, subd. 1, professional/technical services “means services that are intellectual in character, including consultation, analysis, evaluation, prediction, planning, programming, or recommendation; and result in the production of a report or completion of a task.” Professional and technical services do not include providing supplies or materials except as incidental to performing such services. Professional and technical services include (by way of example and without limitation) engineering services, surveying, foundation recommendations and reports, environmental documentation, right-of-way assistance (such as performing appraisals or providing relocation assistance, but excluding the exercise of the power of eminent domain), geometric layouts, final construction plans, graphic presentations, public relations, and facilitating open houses. A party will normally provide such services with its own personnel; however, a party’s professional/technical services may also include hiring and managing outside consultants to perform work provided that a party itself provides active project management for the use of such outside consultants.
- 3.3. **Roadway Maintenance.** A party may provide roadway maintenance upon the request of the other party. Roadway maintenance does not include roadway reconstruction. This work may include but is not limited to snow removal, ditch spraying, roadside mowing, bituminous mill and overlay (only small projects), seal coat, bridge hits, major retaining wall failures, major drainage failures, and message painting. All services must be performed by an employee with sufficient skills, training, expertise or certification to perform such work, and work must be supervised by a qualified employee of the party performing the work.
- 3.4. **Construction Administration.** A party may administer roadway construction projects upon the request of the other party. Roadway construction includes (by way of example and without limitation) the construction, reconstruction, or rehabilitation of mainline, shoulder, median, pedestrian or bicycle pathway, lighting and signal systems, pavement mill and overlays, seal coating, guardrail installation, and channelization. These services may be performed by the Providing Party’s own forces, or the Providing Party may administer outside contracts for such work. Construction administration may include letting and awarding construction contracts for such work (including state projects to be completed in conjunction with local projects). All contract administration services must be performed by an employee with sufficient skills, training, expertise or certification to perform such work.
- 3.5. **Emergency Services.** A party may provide aid upon request of the other party in the event of a man-made disaster, natural disaster or other act of God. Emergency services includes all those services as the parties mutually agree are necessary to plan for, prepare for, deal with, and recover from emergency situations. These services include, without limitation, planning, engineering, construction, maintenance, and removal and disposal services related to things such as road closures, traffic control, debris removal, flood protection and mitigation, sign repair, sandbag activities and general cleanup. Work will be performed by an employee with sufficient skills, training, expertise or certification to perform such work, and work must be supervised by a qualified employee of the party performing the work. If it is not feasible to have an executed work order prior to performance of the work, the parties will promptly confer to determine whether work may be commenced without a fully-executed work order in place. If work commences without a fully-executed work order, the parties will follow up with execution of a work order as soon as feasible.
- 3.6. When a need is identified, the State and the Local Government will discuss the proposed work and the resources needed to perform the work. If a party desires to perform such work, the parties will negotiate the specific and detailed work tasks and cost. The State will then prepare a work order contract. Generally, a work order contract will be limited to one specific project/engagement, although “on call” work orders may be prepared for certain types of services, especially for “Technical Services” items as identified section 2.1.. The work order will also identify specific deliverables required, and timeframes for completing work. A work order must be fully executed by the parties prior to work being commenced.

The Local Government will not be paid for work performed prior to execution of a work order contract and authorization by the State.

4. Responsibilities of the Providing Party

- 4.1. ***Terms Applicable to ALL Work Order Contracts.*** The terms in this section 4.1 will apply to ALL work order contracts.
- 4.1.1. Each work order will identify an Authorized Representative for each party. Each party's authorized representative is responsible for administering the work order, and has the authority to make any decisions regarding the work, and to give and receive any notices required or permitted under this MPC or the work order.
- 4.1.2. The Providing Party will furnish and assign a publicly employed licensed engineer (Project Engineer), to be in responsible charge of the project(s) and to supervise and direct the work to be performed under each work order contract. For services not requiring an engineer, the Providing Party will furnish and assign another responsible employee to be in charge of the project. The services of the Providing Party under a work order contract may not be otherwise assigned, sublet, or transferred unless approved in writing by the Requesting Party's authorized representative. This written consent will in no way relieve the Providing Party from its primary responsibility for the work.
- 4.1.3. If the Local Government is the Providing Party, the Project Engineer may request in writing specific engineering and/or technical services from the State, pursuant to Minn. Stat. Section 161.39. The work order Contract will require the Local Government to deposit payment in advance. The costs and expenses will include the current State additives and overhead rates, subject to adjustment based on actual direct costs that have been verified by audit.
- 4.1.4. Only the receipt of a fully executed work order contract authorizes the Providing Party to begin work on a project. Any and all effort, expenses, or actions taken by the Providing Party before the work order contract is fully executed are considered unauthorized and undertaken at the risk of non-payment.
- 4.1.5. In connection with the performance of this contract and any work orders issued, the Providing Agency will comply with all applicable Federal and State laws and regulations. When the Providing Party is authorized or permitted to award contracts in connection with any work order, the Providing Party will require and cause its contractors and subcontractors to comply with all Federal and State laws and regulations.
- 4.2. ***Additional Terms for Roadway Maintenance.*** The terms of section 4.1 and this section 4.2 will apply to all work orders for Roadway Maintenance.
- 4.2.1. Unless otherwise provided for by contract or work order, the Providing Party must obtain all permits and sanctions that may be required for the proper and lawful performance of the work.
- 4.2.2. The Providing Party must perform maintenance in accordance with MnDOT maintenance manuals, policies and operations.
- 4.2.3. The Providing Party must use State-approved materials, including (by way of example and without limitation), sign posts, sign sheeting, and de-icing and anti-icing chemicals.
- 4.3. ***Additional Terms for Construction Administration.*** The terms of section 4.1 and this section 4.3 will apply to all work order contracts for construction administration.
- 4.3.1. Contract(s) must be awarded to the lowest responsible bidder or best value proposer in accordance with state law.

- 4.3.2. Contractor(s) must be required to post payment and performance bonds in an amount equal to the contract amount. The Providing Party will take all necessary action to make claims against such bonds in the event of any default by the contractor.
- 4.3.3. Contractor(s) must be required to perform work in accordance with the latest edition of the Minnesota Department of Transportation Standard Specifications for Construction.
- 4.3.4. For work performed on State right-of-way, contractor(s) must be required to indemnify and hold the State harmless against any loss incurred with respect to the performance of the contracted work, and must be required to provide evidence of insurance coverage commensurate with project risk.
- 4.3.5. Contractor(s) must pay prevailing wages pursuant to applicable state and federal law.
- 4.3.6. Contractor(s) must comply with all applicable Federal, and State laws, ordinances and regulations, including but not limited to applicable human rights/anti-discrimination laws and laws concerning the participation of Disadvantaged Business Enterprises in federally-assisted contracts.
- 4.3.7. Unless otherwise agreed in a work order contract, each party will be responsible for providing rights of way, easement, and construction permits for its portion of the improvements. Each party will, upon the other's request, furnish copies of right of way certificates, easements, and construction permits.
- 4.3.8. The Providing Party may approve minor changes to the Requesting Party's portion of the project work if such changes do not increase the Requesting Party's cost obligation under the applicable work order contract.
- 4.3.9. The Providing Party will not approve any contractor claims for additional compensation without the Requesting Party's written approval, and the execution of a proper amendment to the applicable work order contract when necessary. The Local Government will tender the processing and defense of any such claims to the State upon the State's request.
- 4.3.10. The Local Government must coordinate all trunk highway work affecting any utilities with the State's Utilities Office.
- 4.3.11. The Providing Party must coordinate all necessary detours with the Requesting Party.
- 4.3.12. If the Local Government is the Providing Party, and there is work performed on the trunk highway right-of-way, the following will apply:
 - 4.3.12.1 The Local Government will have a permit to perform the work on the trunk highway. The State may revoke this permit if the work is not being performed in a safe, proper and skillful manner, or if the contractor is violating the terms of any law, regulation, or permit applicable to the work. The State will have no liability to the Local Government, or its contractor, if work is suspended or stopped due to any such condition or concern.
 - 4.3.12.2 The Local Government will require its contractor to conduct all traffic control in accordance with the Minnesota Manual on Uniform Traffic Control Devices.
 - 4.3.12.3 The Local Government will require its contractor to comply with the terms of all permits issued for the project including, but not limited to, National Pollutant Discharge Elimination System (NPDES) and other environmental permits.
 - 4.3.12.4 All improvements constructed on the State's right-of-way will become the property of the State.

5. Responsibilities of the Requesting Party

- 5.1. After authorizing the Providing Party to begin work, the Requesting Party will furnish any data or material in its possession relating to the project that may be of use to the Providing Party in performing the work.
- 5.2. All such data furnished to the Providing Party will remain the property of the Requesting Party and will be promptly returned upon the Requesting Party's request or upon the expiration or termination of this contract (subject to data retention requirements of the Minnesota Government Data Practices Act and other applicable law).
- 5.3. The Providing Party will analyze all such data furnished by the Requesting Party. If the Providing Party finds any such data to be incorrect or incomplete, the Providing Party will bring the facts to the attention of the Requesting Party before proceeding with the part of the project affected. The Providing Party will investigate the matter, and if it finds that such data is incorrect or incomplete, it will promptly determine a method for furnishing corrected data. Delay in furnishing data will not be considered justification for an adjustment in compensation.
- 5.4. The State will provide to the Local Government copies of any Trunk Highway fund clauses to be included in the bid solicitation and will provide any required Trunk Highway fund provisions to be included in the Proposal for Highway Construction, that are different from those required for State Aid construction.
- 5.5. The Requesting Party will perform final reviews and inspections of its portion of the project work. If the work is found to have been completed in accordance with the work order contract, the Requesting Party will promptly release any remaining funds due the Providing Party for the Project(s).
- 5.6. The work order contracts may include additional responsibilities to be completed by the Requesting Party.

6. Time

In the performance of project work under a work order contract, time is of the essence.

7. Consideration and Payment

- 7.1. **Consideration.** The Requesting Party will pay the Providing Party as specified in the work order. The State's normal and customary additives will apply to work performed by the State, unless otherwise specified in the work order. The State's normal and customary additives will not apply if the parties agree to a "lump sum" or "unit rate" payment.
 - 7.2. **State's Maximum Obligation.** The total compensation to be paid by the State to the Local Government under all work order contracts issued pursuant to this MPC will not exceed \$500,000.00.
- 7.3. **Travel Expenses.** It is anticipated that all travel expenses will be included in the base cost of the Providing Party's services, and unless otherwise specifically set forth in an applicable work order contract, the Providing Party will not be separately reimbursed for travel and subsistence expenses incurred by the Providing Party in performing any work order contract. In those cases where the State agrees to reimburse travel expenses, such expenses will be reimbursed in the same manner and in no greater amount than provided in the current "MnDOT Travel Regulations" a copy of which is on file with and available from the MnDOT District Office. The Local Government will not be reimbursed for travel and subsistence expenses incurred outside of Minnesota unless it has received the State's prior written approval for such travel.
- 7.4. **Payment.**
 - 7.4.1. **Generally.** The Requesting Party will pay the Providing Party as specified in the applicable work order, and will make prompt payment in accordance with Minnesota law.
 - 7.4.2. **Payment by the Local Government.**

7.4.2.1. The Local Government will make payment to the order of the Commissioner of Transportation.

7.4.2.2. **IMPORTANT NOTE: PAYMENT MUST REFERENCE THE "MNDOT CONTRACT NUMBER" SHOWN ON THE FACE PAGE OF THIS CONTRACT AND THE "INVOICE NUMBER" ON THE INVOICE RECEIVED FROM MNDOT.**

7.4.2.3. Remit payment to the address below:

MnDOT
Attn: Cash Accounting
RE: MnDOT Contract Number 1028170 and Invoice Number #####
Mail Stop 215
395 John Ireland Blvd
St. Paul, MN 55155

7.4.3. ***Payment by the State.***

7.4.3.1. *Generally.* The State will promptly pay the Local Government after the Local Government presents an itemized invoice for the services actually performed and the State's Authorized Representative accepts the invoiced services. Invoices must be submitted as specified in the applicable work order, but no more frequently than monthly.

7.4.3.2. *Retainage for Professional and Technical Services.* For work orders for professional and technical services, as required by Minn. Stat. § 16C.08, subd. 2(10), no more than 90 percent of the amount due under any work order contract may be paid until the final product of the work order contract has been reviewed by the State's authorized representative. The balance due will be paid when the State's authorized representative determines that the Local Government has satisfactorily fulfilled all the terms of the work order contract.

8. **Conditions of Payment**

All work performed by the Providing Party under a work order contract must be performed to the Requesting Party's satisfaction, as determined at the sole and reasonable discretion of the Requesting Party's Authorized Representative and in accordance with all applicable federal and state laws, rules, and regulations. The Providing Party will not receive payment for work found by the State to be unsatisfactory or performed in violation of federal or state law.

9. **Local Government's Authorized Representative and Project Manager; Authority to Execute Work Order Contracts**

9.1. The Local Government's Authorized Representative for administering this master contract is the Local Government's Engineer, and the Engineer has the responsibility to monitor the Local Government's performance. The Local Government's Authorized Representative is also authorized to execute work order contracts on behalf of the Local Government without approval of each proposed work order contract by its governing body.

9.2. The Local Government's Project Manager will be identified in each work order contract.

10. **State's Authorized Representative and Project Manager**

10.1. The State's Authorized Representative for this master contract is the District State Aid Engineer, who has the responsibility to monitor the State's performance.

10.2. The State's Project Manager will be identified in each work order contract.

11. Assignment, Amendments, Waiver, and Contract Complete

- 11.1. **Assignment.** Neither party may assign or transfer any rights or obligations under this MPC or any work order contract without the prior consent of the other and a fully executed Assignment Contract, executed and approved by the same parties who executed and approved this MPC, or their successors in office.
- 11.2. **Amendments.** Any amendment to this master contract or any work order contract must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original contract, or their successors in office.
- 11.3. **Waiver.** If a party fails to enforce any provision of this master contract or any work order contract, that failure does not waive the provision or the party's right to subsequently enforce it.
- 11.4. **Contract Complete.** This master contract and any work order contract contain all negotiations and contracts between the State and the Local Government. No other understanding regarding this master contract or any work order contract issued hereunder, whether written or oral may be used to bind either party.

12. Liability.

Each party will be responsible for its own acts and omissions to the extent provided by law. The Local Government's liability is governed by Minn. Stat. chapter 466 and other applicable law. The State's liability is governed by Minn. Stat. section 3.736 and other applicable law. This clause will not be construed to bar any legal remedies a party may have for the other party's failure to fulfill its obligations under this master contract or any work order contract. Neither party agrees to assume any environmental liability on behalf of the other party. A Providing Party under any work order is acting only as a "Contractor" to the Requesting Party, as the term "Contractor" is defined in Minn. Stat. §115B.03 (subd. 10), and is entitled to the protections afforded to a "Contractor" by the Minnesota Environmental Response and Liability Act. The parties specifically intend that Minn. Stat. §471.59 subd. 1a will apply to any work undertaken under this MPC and any work order issued hereunder.

13. State Audits

Under Minn. Stat. § 16C.05, subd. 5, the party's books, records, documents, and accounting procedures and practices relevant to any work order contract are subject to examination by the parties and by the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this MPC.

14. Government Data Practices and Intellectual Property

- 14.1. **Government Data Practices.** The Local Government and State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, as it applies to all data provided by the State under this MPC and any work order contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Local Government under this MPC and any work order contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data referred to in this clause by either the Local Government or the State.
- 14.2. **Intellectual Property Rights**
 - 14.2.1. **Intellectual Property Rights.** The Requesting Party will own all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under work order contracts. Works means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Providing Party, its employees, agents, and subcontractors, either individually or jointly with others in the performance of this master contract or any work order contract. Works includes "Documents." Documents are the originals of any databases, computer programs, reports, notes,

studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Providing Party, its employees, agents, or contractors, in the performance of a work order contract. The Documents will be the exclusive property of the Requesting Party and all such Documents must be immediately returned to the Requesting Party by the Providing Party upon completion or cancellation of the work order contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be "works made for hire." The Providing Party Government assigns all right, title, and interest it may have in the Works and the Documents to the Requesting Party. The Providing Party must, at the request of the Requesting Party, execute all papers and perform all other acts necessary to transfer or record the Requesting Party's ownership interest in the Works and Documents. Notwithstanding the foregoing, the Requesting Party grants the Providing Party an irrevocable and royalty-free license to use such intellectual property for its own non-commercial purposes, including dissemination to political subdivisions of the state of Minnesota and to transportation-related agencies such as the American Association of State Highway and Transportation Officials.

14.2.2. *Obligations with Respect to Intellectual Property.*

14.2.2.1. *Notification.* Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Providing Party, including its employees and subcontractors, in the performance of the work order contract, the Providing Party will immediately give the Requesting Party's Authorized Representative written notice thereof, and must promptly furnish the Authorized Representative with complete information and/or disclosure thereon.

14.2.2.2. *Representation.* The Providing Party must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property of the Requesting Party, and that neither Providing Party nor its employees, agents or contractors retain any interest in and to the Works and Documents.

15. Affirmative Action

The State intends to carry out its responsibility for requiring affirmative action by its Contractors, pursuant to Minn. Stat. §363A.36. Pursuant to that Statute, the Local Government is encouraged to prepare and implement an affirmative action plan for the employment of minority persons, women, and the qualified disabled, and submit such plan to the Commissioner of the Minnesota Department of Human Rights. In addition, when the Local Government lets a contract for the performance of work under a work order issued pursuant to this MPC, it must include the following in the bid or proposal solicitation and any contracts awarded as a result thereof:

- 15.1. *Covered Contracts and Contractors.* If the Contract exceeds \$100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principle place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600. A Contractor covered by Minn. Stat. § 363A.36 because it employed more than 40 full-time employees in another state and does not have a certificate of compliance, must certify that it is in compliance with federal affirmative action requirements.
- 15.2. *Minn. Stat. § 363A.36.* Minn. Stat. § 363A.36 requires the Contractor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the Minnesota Commissioner of Human Rights ("Commissioner") as indicated by a certificate of compliance. The law addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.
- 15.3. *Minn. R. Parts 5000.3400-5000.3600.*

- 15.3.1. *General.* Minn. R. Parts 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. Parts 5000.3400-5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and 5000.3552-5000.3559.
- 15.3.2. *Disabled Workers.* The Contractor must comply with the following affirmative action requirements for disabled workers:
- 15.3.2.1. The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
 - 15.3.2.2. The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - 15.3.2.3. In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. Section 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - 15.3.2.4. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
 - 15.3.2.5. The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. Section 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.
- 15.3.3. *Consequences.* The consequences for the Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this contract by the Commissioner or the State.
- 15.3.4. *Certification.* The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

16. Workers' Compensation

Each party will be responsible for its own employees for any workers compensation claims. This MPC, and any work order contracts issued hereunder, are not intended to constitute an interchange of government employees under Minn. Stat. §15.53. To the extent that this MPC, or any work order issued hereunder, is determined to be

subject to Minn. Stat. §15.53, such statute will control to the extent of any conflict between the contract and the statute.

17. Publicity

17.1. **Publicity.** Any publicity regarding the subject matter of a work order contract where the State is the Requesting Party must identify the State as the sponsoring agency and must not be released without prior written approval from the State's Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Local Government individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from a work order contract.

17.2. **Data Practices Act.** Section 17.1 is not intended to override the Local Government's responsibilities under the Minnesota Government Data Practices Act.

18. Governing Law, Jurisdiction, and Venue

Minnesota law, without regard to its choice-of-law provisions, governs this master contract and all work order contracts. Venue for all legal proceedings out of this master contract or any work order contracts, or the breach of any such contracts, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

19. Prompt Payment; Payment to Subcontractors

The parties must make prompt payment of their obligations in accordance with applicable law. As required by Minn. Stat. § 16A.1245, when the Local Government lets a contract for work pursuant to any work order, the Local Government must require its contractor to pay all subcontractors, less any retainage, within 10 calendar days of the prime contractor's receipt of payment from the Local Government for undisputed services provided by the subcontractor(s) and must pay interest at the rate of one and one-half percent per month or any part of a month to the subcontractor(s) on any undisputed amount not paid on time to the subcontractor(s).

20. **Minn. Stat. § 181.59.** The Local Government will comply with the provisions of Minn. Stat. § 181.59 which requires: Every contract for or on behalf of the state of Minnesota, or any county, city, town, township, school, school district, or any other district in the state, for materials, supplies, or construction shall contain provisions by which the Contractor agrees: (1) That, in the hiring of common or skilled labor for the performance of any work under any contract, or any subcontract, no contractor, material supplier, or vendor, shall, by reason of race, creed, or color, discriminate against the person or persons who are citizens of the United States or resident aliens who are qualified and available to perform the work to which the employment relates; (2) That no contractor, material supplier, or vendor, shall, in any manner, discriminate against, or intimidate, or prevent the employment of any person or persons identified in clause (1) of this section, or on being hired, prevent, or conspire to prevent, the person or persons from the performance of work under any contract on account of race, creed, or color; (3) That a violation of this section is a misdemeanor; and (4) That this contract may be canceled or terminated by the state, county, city, town, school board, or any other person authorized to grant the contracts for employment, and all money due, or to become due under the contract, may be forfeited for a second or any subsequent violation of the terms or conditions of this contract.

21. Termination; Suspension

21.1. **Termination by the State for Convenience.** The State or commissioner of Administration may cancel this MPC and any work order contracts at any time, with or without cause, upon 30 days written notice to the Local Government. Upon termination, the Local Government and the State will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

21.2. **Termination by the Local Government for Convenience.** The Local Government may cancel this MPC and any work order contracts at any time, with or without cause, upon 30 days written notice to the State.

Upon termination, the Local Government and the State will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

- 21.3. ***Termination for Insufficient Funding.*** The State may immediately terminate or suspend this MPC and any work order contract if it does not obtain funding from the Minnesota legislature or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination or suspension must be by written or fax notice to the Local Government. The State is not obligated to pay for any services that are provided after notice and effective date of termination or suspension. However, the Local Government will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed any penalty if the master contract or work order is terminated because of the decision of the Minnesota legislature or other funding source, not to appropriate funds. The State must provide the Local Government notice of the lack of funding within a reasonable time of the State's receiving that notice.

22. Data Disclosure

Under Minn. Stat. §270C.65, subd. 3, and other applicable law, the Local Government consents to disclosure of its federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state tax agencies and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring the Local Government to file state tax returns and pay delinquent state tax liabilities, if any.

23. Defense of Claims and Lawsuits

If any lawsuit or claim is filed by a third party (including but not limited to the Local Government's contractors and subcontractors), arising out of trunk highway work performed pursuant to a valid work order issued under this MPC, the Local Government will, at the discretion of and upon the request of the State, tender the defense of such claims to the State or allow the State to participate in the defense of such claims. The Local Government will, however, be solely responsible for defending any lawsuit or claim, or any portion thereof, when the claim or cause of action asserted is based on its own acts or omissions in performing or supervising the work. The Local Government will not purport to represent the State in any litigation, settlement, or alternative dispute resolution process. The State will not be responsible for any judgment entered against the Local Government, and will not be bound by the terms of any settlement entered into by the Local Government except with the written approval of the Attorney General and the Commissioner of Transportation and pursuant to applicable law.

24. Additional Provisions

[The balance of this page has intentionally been left blank – signature page follows]

LOCAL GOVERNMENT

The Local Government certifies that the appropriate person(s) have executed the contract on behalf of the Local Government as required by applicable ordinance, resolution, or charter provision.

Exhibit A - Table of Tech Serv

Used with TA98 Project IDs

If a source code is not on this list, a work order is needed.

Source Code	Title	Description
0032	Business Unit Management	All expenses of business/office managers for general management and administration of support functions. includes administering central facilities maintenance and facilities capital budgets.
0152	Support Services	Work that supports general office management, system management such as entering data into SWIFT, PPMS, PUMA and other MnDOT systems, attending staff meetings and other indirect support activities.
0400	Equipment Calibration-Mat Insp	Use when performing periodic equipment calibration for equipment used in the materials lab or on construction projects.
0600	General Training Attended	All costs (time, registration, materials, travel expenses, etc.) for attending or participating informal or informal training, including conferences that primarily provide training.
182	Soils/Foundation Field/Laboratory Tests	All laboratory testing necessary to provide geotechnical information to complete roadway soils recommendations and approvals for use in the development of Final Design Plans and Special Provisions. Lab work includes R-value, resilient modulus, soil classification, gradation, proctor testing, unconfined compression, consolidation, direct simple shear, direct shear, permeability and triaxial tests.
312	Tech Assist-Outside MnDOT	Use when providing technical assistance to an organization external to MnDOT.
421	Bridge Management System	Use for tasks related to the Bridge Management System, including operations, administration, or data entry.
434	Operation/Administration/Data	Reviewing shop drawings furnished by suppliers, fabricators, and contractors (working drawing or calculations), and for tasks related to structural metals inspection (materials surveys, physical and chemical laboratory testing, material inspection and engineering, and technical services in the field and offices) for local agency projects.
501	Traffic Management System (TMS)	Used by traffic operations staff for all tasks that support the RTMC's operations center (or TOCC) providing traveler information, managing incidents and monitoring the FMS. Includes dynamic message sign maintenance, ramp meter maintenance, camera maintenance, and loop detection activities. Includes maintenance activities related to any ITS or TMS device such as RTMC cables, monitor wall, switchers, routers, or modems. Use to record all costs for maintenance activities related to traffic management fiber optics. Use for tasks related to maintaining traffic operations software including minor software enhancements and fixes. Use when providing traffic operations technical assistance external to MnDOT.
513	Traffic Management System (TMS) Integration	For tasks associated with the incorporation of new and existing TMS devices (cameras, loops, DMS, and other ITS devices) into existing infrastructure to ensure proper operation. Use with the Construction/Program Delivery Appropriation.
520	Pavement Management System	For tasks related to the operation of the pavement management system, including development and maintenance/technical support. Includes tasks to meet needs external to MnDOT.
716	Record Sampling	Used by Materials and Research Section and district materials staff to verify inspector" sampling and testing procedures and checking inspectors' equipment during project construction as required by FHWA. Use when performing field tests on split sample.
721	Traffic Sign Work Orders	Use for work involved in preparing work orders for traffic signs. Use only with Maintenance Operations appropriation (T790081).

If a source code is not on this list, a work order is needed.

Exhibit A - Table of Tech Serv

Used with TA98 Project IDs

If a source code is not on this list, a work order is needed.

Source Code	Title	Description
732	Material Testing & Inspection	Performing construction phase and research physical and chemical laboratory testing, and related technical services in the districts and central labs, and for performing research and construction phase non-destructive testing materials surveys, and related technical services in the field and offices. Includes detour surveys. Non-destructive tests include, skid resistance and falling weight deflectometer (FWD) testing.
733	Concrete Plant Inspections	Performing QA/QC physical testing at the plant; sampling and transporting of materials from the plant to the lab for lab testing, plant reviews, and operations; investigating plant discrepancies; and other technical services in the plant or office associated with stationary concrete plants or mobile concrete paving plant inspection.
734	Construction Materials Inspections	Performing construction phase material inspection and engineering, for structural steel, precast and pre-stressed concrete, reinforcement steel, and electrical products and related technical services in the field and office for materials to be used in multiple projects. Includes travel time, sampling, and sample delivery. Includes tasks related to reviewing shop drawings furnished by suppliers or fabricators and contractor working drawings or calculations, and for tasks related to structural metals inspection (materials surveys, physical and chemical laboratory testing, material inspection and engineering, and technical services in the field and offices).
735	Bituminous Plant Inspection	Performing QA/QC physical testing at the plant; sampling and transporting of materials from the plant to the lab for lab testing, plant reviews, and operations; investigating plant discrepancies; and other technical services in the plant or office associated with bituminous plant inspection.
738	State Project - Specific Materials Inspection	Performing material inspection for materials designated for a specific construction project (SP). Generally applies to inspection of such things as structural steel, prestressed concrete items, and most precast concrete items and for SP specific tasks related to structural metals inspection (materials surveys, physical and chemical laboratory testing, material inspection and engineering and technical services in the field and offices).
800	Field Inspection	Occasional construction project field inspection (not cyclical inspection of assets); Includes field inspection of materials such as gradations, densities/DCP, proctors, compaction, slump tests, and field air tests and collecting and transporting samples for lab tests, but not the actual laboratory verifications.
870	Traffic Signal Maintenance	This work will not substitute for or alter existing cooperative construction agreements or traffic signal maintenance agreements. Work related to the occasional repair and replacement of traffic signal system structures and all electrical maintenance for traffic signal systems including electrical power, labor, equipment materials, GSOC locates, traffic control and responses to public inquiries.
871	Lighting Maintenance & Utilities	All work related to installing, maintaining, restoring, or removing highway lighting systems and fixtures. Includes repairing, maintaining, or replacing supports necessary for roadway lighting luminaries. Includes patrol highway lighting, inspect lighting structures, electrical service for highway lighting, re-lamping, pump stations, anti-icing systems, truck roll-over warning systems and electrical repairs. Includes traffic control in support of roadway lighting activities. Use for tasks related to public inquiries/complaints, review utility billings, provide data, and conduct field reviews.
875	Locate One Call	Finding and marking locations of buried conduit, cables, hand holes, loops, etc. in order to maintain or repair the traffic management system, signal systems, or roadway lighting systems.

If a source code is not on this list, a work order is needed.

Exhibit A - Table of Tech Serv

Used with TA98 Project IDs

If a source code is not on this list, a work order is needed.

Source Code	Title	Description
876	Traffic Counting	Use to record labor, equipment usage, and material costs for activities related to traffic counts made for statewide traffic monitoring or traffic operations. Includes all activities related to traffic counting, such as taking requests, assigning priorities, collecting field data, processing data, and developing new techniques for collection.
102	Patching	Related source type codes: 2103-Heavy patching, 2104-Bituminous paving, 2105-Blow patching
142	Overhead Sign Panel Maintenance	Work related to the repair and replacement of overhead sign panels, extruded sign panels mounted on I-beams, and overhead sign structures. Includes related cable locates and traffic control. Does not include structural work
210	Guardrail-Install/Repair/Maintenance	Install, repair, or maintain low tension cable, plate beams, and end treatments; cable tension adjustments; and reflector replacement. includes related traffic control.
222	Sign/Delineation/Marker Repair	Replacing, repairing, and washing signs (including temporary stop signs). Includes re-sequencing intersection signing and repair/replace overhead and extrude signs mounted on I-beams. Includes related cable locates and traffic control.
316	Brush & Tree Removal	Maintaining, watering, trimming, and removing highway right of way tree and brush. Includes chipping of tree limbs and stump removal/grinding. Includes related traffic control.
624	Indirect Expense	Indirect shop expenses and shop equipment. Allocate to mobile equipment.
629	Supplies & Small Tools	Shop tools, small equipment, and supplies that cannot be directly charged to a mobile equipment unit.
819	Bridge Curb, Walk And Railing	Repairing and maintaining bridge curb, walk, rail, coping, and fencing connected to the rail. Includes glare screen and median barriers on bridges. Includes related traffic control.
820	Bridge Deck	Work associated with bridge deck and slab repair regardless of removal depth or type of material used for patching. Includes deck or slab overlays and replacements and underside deck delamination. Includes related traffic control.
822	Miscellaneous Bridge Maintenance	This source code does not include replacement or major repair. Miscellaneous maintenance tasks performed on a specific bridge or structure not covered by other source codes. Includes minor repairs and simple fixes on items such as stairways, drains, fencing, light bases, transient guards, and access doors. Includes transient removal, ordering materials, and picking up equipment. Includes related traffic control.
824	Bridge Inspection-Non-Federal	All tasks related to inventory, inspection, and load capacity rating work done on trunk highway bridges to meet the requirements of the National Bridge Inspection System and/or Minnesota Bridge Safety Inspection Program or for billing to local governments. Includes related inspection reports and deck condition surveys.
827	Bridge Expansion, Relief Joints	All maintenance tasks associated with bridge expansion joints, except joint reestablishment. Includes tightening expansion device bolts and replacing seal glands. Includes related traffic control.
828	Bridge Inspection-Federal Fund	All bridge inspection tasks for non-MnDOT bridges funded by the federal Fracture-Critical Bridge Program (Project Code will begin with TSL and with the local bridge number). Includes related inspection reports. For MnDOT Trunk Highway bridges (Project Code begins with TSO followed by the bridge number) and local and Department of Natural Resources (DNR) (bridge number begins with 9A follow by bridge number) bridge inspections to be billed to the local government or Department of Natural Resources (DNR) use Source Code 2824.

If a source code is not on this list, a work order is needed.

Exhibit A - Table of Tech Serv

Used with TA98 Project IDs

If a source code is not on this list, a work order is needed.

Source Code	Bridge	Description
829	Bridge Superstructure	All tasks to repair any bridge component above the bridge seat that is not included in other source codes. Includes repairs to all types of bridge superstructure elements such as girders, beams, floor beams, trusses, stringers, t-beams, precast channels, and box girders. Includes related traffic control.
830	Bridge Bearing Assemblies	All tasks related to the repair and maintenance of fixed or expansion-bearing assemblies on bridges. Includes related traffic
834	Waterway Maintenance	All tasks related to waterway maintenance for deck bridges. Includes debris removal, waterway cleanup, channel repair, and channel protection repair that is not part of slope protection. Includes related traffic control.
838	Bridge Deck Crack Sealing	All tasks related to deck crack sealing. Includes related traffic control.
863	Traffic Signal Inspection	Work related to cyclical structural and electrical inspection and preventive maintenance checks of traffic signal systems/structures. Includes labor, equipment, materials, and traffic control.
000	Class Of Frequency Coordination	Use for frequency coordination done with APCO, AASHTO or FCCA.
002	Radio/Electronic Infrastructure	Use for the repair and preventive maintenance of all equipment associated with wireless two-way radio communications systems (includes mobile radios, portable radios, base stations, console workstations, recorders, etc.). Non-MnDOT equipment - Must use Project number assigned to requesting agency; Department of Public Safety (DPS) includes State Patrol (SP) Bureau of Criminal Apprehension (BCA), Fire Marshall; does not include Department of Natural Resources (DNR). See OSRC Project
005	Radio - Mobile Equipment	Use for the repair and preventive maintenance of all equipment associated with wireless two-way radio communications systems (includes mobile radios, portable radios, base stations, console workstations, recorders, etc.). Non-MnDOT equipment - Must use Project number assigned to requesting agency (State Patrol, DNR, BCA, Fire Marshall). See OSRC Project Code list.
009	Radio/Electronic System Upgrade & Installation	Use for the installation and other services needed to provide major system upgrades or improvements to wireless or electronic systems. Use for all work performed to correct or repair deficiencies found in a new installation.
025	Tower/Building Maintenance	Use for all tasks related to the maintenance of a tower building or site. Includes towers, buildings, generators, LP system, fencing, landscaping, grounding, ice bridge, cable management, climbing ladders, card key systems, and HVAC.
027	Radio Programming	Creating or modifying radio frequency programs and programming mobile and portable radios. Does not include mobile radios used as fixed base radios as part of the Inter-OP System (Use 3009).
049	On Call Electronic Communications Infrastructure Maintenance	To be used by Statewide Radio Communications personnel to record on-call time.

If a source code is not on this list, a work order is needed.
